

OLIVER BONAS

BISTRO BENCH

We hope you love your purchase, however if you aren't completely happy,
please retain your packaging to ensure its safe return

RATTAN

Rattan is a natural material and variations in shape, colour and finish may occur.

The natural rattan has been woven with strips of coloured synthetic
plastic rattan to create the contrasting design

To help maintain its natural beauty please keep the rattan dry.

Not suitable for wet or humid environments as it may go mouldy

Do not position in front of radiators as heat may over dry the rattan and cause it to split

Not suitable for prolonged outdoor use. Keep out of the rain and extreme weathers

If the rattan does get wet from a light shower, wipe dry and do not leave in standing water or puddles

Avoid direct sunlight as this may discolour your rattan

To protect the surface, we recommend using a place mat or coaster

Take care not to overload

Max weight 200kg . Ensure weight is evenly distributed

Do not drag as this may weaken the joints and construction

Not suitable for children's rooms

CLEANING

Wipe with a damp cloth, followed by a soft dry cloth. Any spills should be
wiped dry immediately to avoid discolouration or staining

Avoid abrasive cleaners

Keep away from fire

Retain this information for reference
