

OLIVER BONAS

OBER TIERED SIDE TABLE

We hope you love your purchase, however if you aren't completely happy, please retain your packaging to ensure its safe return.

Ober has been lovingly handmade finished skilled artisans in India, variations may occur.

MARBLE

Marble is a hard form of limestone which is thousands of years old.

The mottling colour and streaks is typically inherent for marble coming from India, and each piece will be unique.

Marble is a natural product and colour variation may occur making each piece unit.

CARING FOR YOUR FURNITURE

Wipe with a damp cloth, followed by a soft, dry cloth.

Do not use harsh abrasives or household cleaners as they may scratch and damage the finish.

Any spills should be removed immediately. Never let them dry out on the surface.

Heat and moisture will affect marble. Always use place mat to maintain and protect the surface.

For stubborn stains use a mild dishwashing up liquid and a soft damp cloth

Mix warm water and gentle washing up liquid: Don't use anything with acid or lemon juice.

Wipe the surface with the soapy solution

Followed by a hot, wet dish cloth to remove any soapy residue

Dry with a soft absorbent towel: Rub the countertop dry and buff with a soft, absorbent towel.

METAL BASE

Wipe with a soft, dry cloth. Do not use harsh abrasives or household cleaners as they may damage the finish.

Securely tighten all connections during assembly.

Hardware may loosen over time; periodically check that all connections are tight.

Handle with care. Do not overload.

Do not drag furniture. Do not stand or sit on the table.

Avoid any sudden impacts on the marble.

Not suitable for bathrooms, outdoor use, or children's rooms.

Domestic use only.

OBER TIERED SIDE TABLE ASSEMBLY

HARDWARE

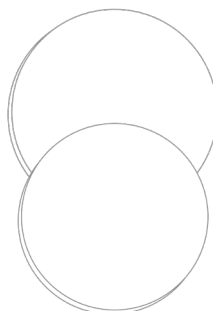

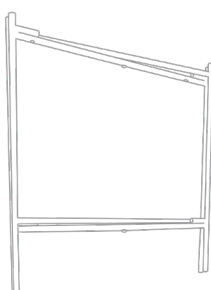

x4

TOOLS:

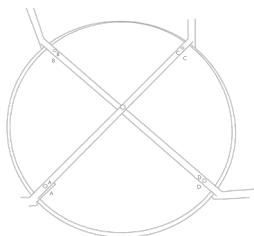

x1

COMPONENTS

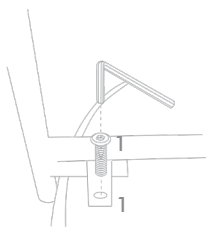

1.

Gently place the marble top face down on a clean and clear surface. Position the metal frame on top. Match the numbers that are on the legs to the underside of the table top. Check the holes in the metal frame align with the pilot holes in the marble top.

2.

Do not fully tighten until all four screws are in place. Once all four screws are in place, fully tighten each screw until secure. Take care not to over-tighten. Once secure, take care when turning the table over ensuring that extra care is taken to protect the edges of the marble.

3.

Once the table is upright, insert the bottom metal tray – ensure the arrow on the metal tray is aligned with the arrow on the metal legs for a perfect fit. Please take extra care to avoid accidental scratching.
