(Special fittings needed)

RATTAN

Rattan is a natural material and variations in shape, colour and finish may occur.

To help maintain its natural beauty please keep rattan dry. Not suitable for wet or humid environments as it may go mouldy.

Do not position in front of radiators as heat may over dry the rattan and cause it to split.

Not suitable for prolonged outdoor use. Keep out of the rain and extreme weathers.
Avoid direct sunlight as this may discolour your rattan.

Check fittings and assembly regularly as these may come loose over time.
To protect the surface, we recommend using a place mat or coaster.

Take care not to overload.
Max weight 10kg per shelf. Ensure weight is evenly distributed.

Do not drag as this may weaken the joints and construction.

Not suitable for children's rooms.

CLEANING

Wipe with a damp cloth, followed by a soft dry cloth. Any spills should be wiped dry immediately to avoid discolouration and staining
Avoid abrasive cleaners.

Keep away from fire.
