CARING FOR YOUR UPHOLSTERED FURNITURE

To ensure that your upholstered furniture is kept in pristine condition lightly vacuum (low power, avoid high power suction) to pick up any fluff or marks that have been left. If you do this regularly, your upholstered product will remain in the best condition

NEVER use water to clean fabric – use a dry cloth to remove surface moisture. Always dab the affected area, do NOT rub

It is always advisable to use a specialist upholstery dry cleaner
For best results with more stubborn stains, use a reputable specialist dry cleaning service

Rotate for even wear and tear
