NEVER use water to clean fabric – use a dry cloth to remove surface moisture. Always dab the affected area, do NOT rub

It is always advisable to use a specialist upholstery cleaning service  
For best results with more stubborn stains, use a reputable specialist upholstery cleaning service

Dust the wooden legs with furniture polish and a cloth. Please be careful not to get polish on the fabric as this may cause staining  
Do not drag your upholstery as it may damage the joints and mark your floor
