

OLIVER BONAS

POUFFE

LOVINGLY HAND MADE IN INDIA FROM NATURAL RECYCLED MATERIALS.

Natural variations will occur.

To help maintain its natural beauty we suggest keeping out of direct sunlight as this may cause discolourations.

For even wear and tear we recommend rotating the pouffe periodically.

Dark colours may have a tendency to stain light coloured surface especailly if wet.

This pouffe is filled with EPS beans which will naturally compress in use over time. The settlement of the beans whilst in use is natural.
